

Short Bio

Elan Schneider, CEO & Co-Founder Train Pain, Israel

Dr. Elan Schneider, DPT, MSPT, CYT, is a physical therapist specializing in neuro-rehabilitation of chronic pain.

Elan has over a decade of experience as a clinician and clinical director. He has delivered advanced clinical training to hundreds of health care professionals and has lectured internationally on the topic of chronic pain science and rehabilitation.

Elan co-founded the Retrain Pain Foundation, a non-profit organization dedicated to pain education, and has created courses used in pain clinics throughout the world including the U.K.'s NHS and U.S. Veterans Affairs pain clinics.

Elan is the co-founder of TrainPain - a digital health company developing a novel technology for the treatment of chronic pain.

Elan is optimistic about the future of pain treatment. He is a passionate advocate for public awareness of modern pain science, and its implications on policy, health care systems change, and improved patient centered care.
